New York, November 27, 1896 .- Dr. J. H. henck-Sir:-I consider it my duty to exa ress to you my gratitude for the cure which your valuable medicines, viz, the Pulmonic Syrup, Sea-weed Tonic, and Mandrake Pills, have effected in my wife's case. From the beginning of the year 1861 my wife had a most distressing cough for four years, during which time she had been under the care of two physicians. However, in November, 1865, she grew worse and was confined to her bed, and the physicians gave up all hopes of her ever getting well, as every medicine used afforded no case. At that time I was assured by her physician that she was in the last stage of Consumption, and beyond the reach of medical skill, and therefore could not live much longer. His last advice was for her to go South, which she intended to do; but I am happy to say, before she could get ready for the voyage I had the good fortune to hear of your valuable medicines; and she at once called upon you, and had an examination through your well-known Respirometer, the result being a promise on your part to cure her. So by the faithful use of your valuable medicines she soon recovered good health, and I am happy to state and say that she is now perfectly well. I attribute it all to your valuable medicines, and I beg you to accept my sincere thanks.

My only anxiety now is to make her experience known to others, so that the virtue of your medicines may be more fully known. I give you full privilege to publish this. Most respectfully,

Louis M. Vorgel, Chief Steward of steamship Saratoga, Pier 21, toot of Fulton street, N. R. Residence No. 208 Elm street, near Spring. Liver Complaint and Dyspepsia.

DR. SCHENCK -Dear Sic:-I take great pleasure in sending you a certificate in addition to many you have already received from suffering humanity. I can scarcely find language sufficiently strong to express my heartfelt gratification at the wonderful cores your Mandrake Pills and Sea-weed Tonic have effected in the entire cure of one of the most stubborn cases of the affection of the liver. For three years I suffered beyond description; all my friends, as well as myself, came to the conclusion that my time in this life was short. Such was the terrible condition to which I was reduced that life to me had become a burden; my whole system was in a state of inflammation; I could not eat, I could not sleep; my whole body was filled with pain; swelling would arise in my wrists and aukles, rendering them totally useless. On several occasions I was attacked with a rush of blood to the head, which would fell me to the ground, and I would be carried away for dead. I applied to several eminent physiclans of our city, who administered all the medicines that they thought would reach the

case, but of no avail. One of them said he could do no more for me, and advised me, as the last resort, to drink cod liver oil. Not relishing the horrid trash, I declined to take it. Accident put your advertisement in my hands. I called on you; you examined me and told me the nature of my disease; you then ordered me the Pills and Tonic, with an observance of diet, pledging your word that in one week I would find myself another man. I followed your advice, and as you predicted, an astonishing cure was effected. I continued your Pills and Tonic for some time, and now, thank God for His great goodness and able medicine! I am or stored to perfect health. I most earnestly recommend all those who are suffering from an affection of the liver to give your Pills and Tonic a fair trial, and a cure will be effected. I have sent many persons to you, and they have all been cured. Any information my fellow-

THE PHILADELPHIA AND SOUTHERN MAIL STEAMSHIP COMPANY—LAUNCH OF A NEW STRAMSHIP THIS MORNING.-The efforts which have been made by this Company to open a steam coastwise trade between this city and the Southern ports are deserving of all commendation. 2605 shares of stock, at \$250 each, have been subscribed for: but about \$25,375 of this amount has proved unavailable, because of the inability of the subscribers to pay therefor. This leaves, as the present working capital of the Company, \$625,875. The gross current expenses of the Company, to the 1st of January, 1867, amounted to \$193,975. The total receipts for the same period amounted to \$175,927, leaving a balance expenses over receipts of \$13,048. balance of From this must be deducted the sum of \$13,848, as extraordinary expenses which are not likely to again occur, leaving a net loss of \$4200 only, on the ordinary business of the Company. When we take into consideration the

reluctance of capitalists to favor the scheme, this deficit is, indeed, insignificant, and promises well for the future. On the thirteen round voyages made by the Company to Wilmington there was a profit of \$247; on eighteen round voyages to Savannah, the profits amounted to \$11,129; while on five round voyages to New Orleans, there was a loss of \$15,190, from which \$11,662 must be deducted, that being the amount of damages sustained by the steamship Star of the Union in the hurricane of October last which the insurance did not cover. The cost of the vessels at present owned by the Company was \$665,212. Deducting from this the available subscriptions to the stock, there is an excess o \$39:337 in expenditures and obligations. Adding to this \$18,048, the gross loss on the general business of the Company, and there is a total of \$57,385 as the liability of the company

around. The following table shows the details of the vessels now owned by the Company:-

The last two were constructed by the Company. The Wyoming was built at Kaighn's Point, New Jersey, where she is now being fitted out for sea. Her length is 200 feet, her breadth of beam 30 feet, and her depth 19 feet. Her crew will consist of thirty men. She has accommodations for 350 tons of merchandise, and for forty cabin passengers. She is built after the model of the "Star of the Her machinery was built by the Union." National Iron Armor Shipping Company, of Kaighn's Point, and is perfect in strength and finish. The engine is direct-acting, with a 46inch cylinder, and 36-inch shot, and is capable of making over seventy revolutions per

STORE ENTERED AND ROBBED OF \$2000 WORTH or Goods .- Between the hours of 2 and 4 this morning, the dry goods store of John Engle, situated on the southeast corner of Camac and Nixon streets, was entered, the side door being opened by means of nippers. Gaining admission, the burglars commenced a wholesale appropriation of large quantities of all the various fabrics in the establishment, amounting in all to about \$2000. This morning, about 4 o'clock, the police discovered on Brintanal treet a large furniture car literally at factors. street a large furniture car literally stuffed and packed with all these goods, apparently hastily done up into bundles, large pieces of fine mus-In being torn in strips to serve as bindings.

To all appearances the burglars had entered other places, for the horse attached to the wagon belonged not to the owner of the latter. nd the harness was anything but a harness, there being a great many ropes and pieces of straps, and a chain collar, which was wrapped around with new flannei—a humane precau-tion—to protect the neck of the animal. The burglars were frightened off, or the wagon would not have been found containing the spoil. No account has been received as to who or how many in number were engaged in the

APPRENTICES' EVENING SCHOOL.—The Apprentices' Evening School, held at the School Rooms, Spring Garden Institute, closed its sessions for the winter, last evening. A report was presented and read by the Principal, E. M. Huntington, stating that eighty-seven young men and boys had attended for a considerable part of the time, of four months, that the school had been opened. Interesting and instructive addresses were made by James D. Whetham, Esq., William Weish, Esq., President of the Young Men's Institute; and an essay by E. M. Huntington, the Principal, all of which dwelt upon the important topic of elevating our young men, apprentices, clerks, errand APPRENTICES' EVENING SCHOOL .- The Ap our young men, apprentices, clerks, errand boys, etc., to a higher standard of morals and

STEALING A RING FROM A LADY'S FINGER .-Two fast young men, named Hiram Nugent and William Meuier, during a ball held at the National Guards' Hall last evening, managed in some way to remove a valuable ring from the finger of a lady, Miss Major. They were apprehended, arrested at Sixth and Race streets, and held by Alderman Godbou, in default of \$600 bail each, to answer at a further hearing.

SLIGHT FIRE. - About half-past 6 o'clock this morning, a slight fire occurred in the dwelling on of M. M. Manley, No. 737 Oxford street, originating by a spark falling among some loose cotton. The damage was trifting.

THREATENED THE LAPE OF A MAN. JAMES | FINANCE AND COMMERCE McCain, formerly a teacher in the House of Refuge, visited there on Thursday evening, and, in company with Mr. Caffery, one of the Superintendents, indulged in a conversation with some ladies who were present. Mr. McCain exhibited the greatest conversational powers and took one of the ladies aside and had a clandestine conversation with her. In consequence of this, Caffery became augry, and ordered him to leave. As he was going out of the door Caffery pushed him, and he fell against the

Caffery, the next day, wrote him a very lusulting and threatening letter, the substance which was that if he would visit a certain place on Girard avenue he would show him what he would and could do. Caffery being in the habit of carrying a cane, and McCain having no desire to be caned, had a warrant issued for his apprehension. Officer Dunaway captured and took him before Alderman Bettler, who bound him over for a further hearing to-day.

THE MURDER OF THOMAS V. SCOTT .- Further particulars, with reference to the murder of Thomas V. Scott, are that the murdered man was found by his brother-in-law, who attended the same party at which Scott officiated, and conveyed him to his residence, No. 904 South Eleventh street. Dr. Shaplefgh, the Coroner's surgeon, while making the post-mortem examination, discovered several wounds and contustions on the skull which no doubt caused his lons on the skull, which no doubt caused his

It having been rumored that a man working in the vicinity where the body was found was suspected of having a knowledge of the deed, that person went down to the Second District Station, and speaking of the rumor, said that he gave himself up, and was willing at any time to stand trial when wanted, as he had no knowledge of the deed whatever until after its committal; that he was innocent. This state-ment is believed by the police, the rumor dis-eredited, and the person, who is of a gentlemanly appearance, remains unmolested.

ARREST OF SUSPICIOUS CHARACTERS.—BY order of the Mayor, the police officers have been energelic in their search of suspicious characters. This morning, Stacy Boyles and his brother John, the former having been just released from confinement in the State prison and the latter an old acquaintance with the various Station Houses, were seen lounging about the stables of Nelson & Co., at Broad and Callowhill. The police kept sharp watch, and finally arrested both parties inside the stable yard. Alderman Hutchinson held them to answer, at a further hearing, why they were there, and for what purpose,

MATCHING PENNEYS, -Members of the boo! black "profession" have been, and are to an amazing extent addicted to the habit of matching or pitching pennys. Between this and the theatre many of the boys spend all they earn. Notwithstanding it is against the law, the lads will proceed to out of the way places, and there indulge in the—to them—expensive amuse-ment. Two lads, named James and J remiah McMannis, were arrested this morning at Fifth and Jane street, for "matching," and will, no doubt, be sent to the House of Refuge for it,

TAVERN ENTERED AND ROBBED .- A tavern located on the southwest corner of Seventh and Shippen streets was robbed last night of twenty-three dollars mo tly in pennies, and two new overcoats, worth about twenty-five dollars each. Entrance was made at the side cellar each. Entrance was made at the side cellar window, and from the cellar the barglars entered the bar-room from the trap door below the counter. No clue is as yet obtained of the midnight visitors, but suspicions are rife.

RESCUED FROM DROWNING. - John Levick was rescued from drowning last night by Lieutenant Edgar. It seems that Levick, being "half seas over," lost his equilibrium and tumbled into the Delaware, where he would have undoubtedly remained if the Lieutenant had not shoved off in a boat and rescued him.

Transmuting 7:30s into 5-20s is the fashion at present. This is mostly done by selling the 7:30s, adding accrued interest, and buying the 5-20s, not taking the earned interest into account. For instance—\$1000 August 15th [7:30 note at 105 is \$1060.00 Fifteen days' interest 3:00 Cash value of the 7:30 notes ... \$1062.00

..91610

In transmuting 7:30s into 5-20s by buying and selling the party pays \$4:50 on every \$1600, and in the case of direct funding he pays \$7.

The examples which we have given are for \$1000 bonds, and for the first issue (August 7) 7:30 notes. The other two series of notes are not quite as high in price, and the small 5-20s are scarce, and about ½ @1 % cent. higher than the \$1000 bonds. This difficulty will be overcome when the Government shall produce \$50 and \$100 notes fast enough to meet the demand. PHILADELPHIA STOCK EXCHANGE SALES TO-DAY Reported by Dehaven & Bro., No. 40 S. THE MOST EXCITING AND INTERESTING GENERAL L. C. BANER'S HISTORY OF THE SECRET SERVICE.

THE SECRET SERVICE.

AGENTS WANTED

In every city, town, county, and state of the Union to canvass for this work. This bistory was announced one year ago, but owing to the attempts of the Government to suppress it, its publication was delayed. It will now be issued, unaltered and unabridged, under the supervision of General Baker. It contains a full and official expose of the intricate machinations of the secret enemies of the Union.

For startling developments and thrilling adventures this book eclipses the lamous experiences of FOUCHE and VIDOCQ. The marveilous narratives of General Baker are all attested by the highest official authority. It will contain the only official history of the Assassination complicacy. A full history of this great, startling, and terrible crime.

FROM TIS CONCEPTION, IN THE HAUNTS OF VILLANY TO THE BURIAL PLACE OF BOOTH. Has never yet been placed before the public. The work also fully exposes the nefarious system by which Presidential pardons were and are so readily obtained at Washington.

The morals of the National Capital are thoroughly

the Washington.

The morals of the National Capital are thoroughly centilated, and there are some strange revelations oncerning heads of departments, members of Contress, female pardon brokers, and distinguished military characters.

For circulars, canyassing numbers, and all other information, address "L. C. Baker, Post Office Box 200, Philadelphia."

This work will be ready for delivery on the first day of Max.

of May.

N. B.—None but those thoroughly conversant with
the business, and with good reference as to character
and responsibility, need apply.
